AGENTIC AI DOCUMENT FORENSICS INVESTIGATION REPORT

Contextual Document Authenticity & Tamper Anomaly Analysis System

Investigation ID:	INV-C4B25A56	**Generated:**	2026-11-08 16:19:22 UTC
System Finding:	**Potentially Tampered / High Risk**	**Decision Status:**	**Reviewed: Verified Authentic**

LEGAL & FORENSIC ADVISORY: *This report compiles automated findings from deep learning and contextual language models (MobileNetV2, YOLOv8, Qwen-2.5, Sentence-BERT). Detected anomalies, visual bounding boxes, and cross-document inconsistencies highlight areas warranting closer examination.* ***Model predictions do not constitute conclusive proof of fraud.*** *Final determination remains strictly under authorized human investigator control.*

1. Executive Summary

A total of **2** document(s) and **2** page(s) were examined. The visual forensics pipeline identified **4** potentially manipulated region(s). The contextual agent evaluated key entities, and cross-document comparison detected **1** potential contradiction(s). Overall, **6** evidence items were mapped.

2. Document Overview & Visual Forensics

Document Name	Pages	Classification	Tamper Score	Suspicious Regions
DOC-47DAF8F5_tampered_bank_statement.pdf	1	**Potentially Tampered**	0.9937	2
DOC-7EB1F1F2_tampered_salary_slip.pdf	1	**Potentially Tampered**	0.9649	2

3. Contextual and Entity Findings

Extracted Entities: 16 identified.

4. Cross-Document Comparisons & Contradictions

Doc A	Doc B	Semantic Sim.	Findings / Status
DOC-47DAF8F5_tampered_bank_statement.pdf	DOC-7EB1F1F2_tampered_salary_slip.pdf	0.8251	Strongly Related Document Pair

Identified Value Discrepancies:

• Discrepancy in Salary / Credit Amount: 'DOC-47DAF8F5_tampered_bank_statement.pdf' reports 'INR 65,000', while 'DOC-7EB1F1F2_tampered_salary_slip.pdf' reports 'INR 80,000' (variance: 15,000.00).

5. Mapped Evidence Registry

ID	Document & Page	Type	Conf.	Source Text / Details
EVIDENCE_1	tampered_bank_statement.pdf (p.1)	Potentially suspicious visual region	N/A	YOLOv8 detected a localized visual anomaly with 31.2% confidence.

EVIDENCE_2	tampered_bank_statement.pdf (p.1)	Document-level classification	N/A	MobileNetV2 classification assigned a score of 0.9937 (decision threshold:
EVIDENCE_3	tampered_salary_slip.pdf (p.1)	Potentially suspicious visual region	N/A	YOLOv8 detected a localized visual anomaly with 32.3% confidence.
EVIDENCE_4	tampered_salary_slip.pdf (p.1)	Document-level classification	N/A	MobileNetV2 classification assigned a score of 0.9649 (decision threshold:
EVIDENCE_5	DOC-47DAF8F5_tampered_bank_statement.pdf (p.1)	Cross-Document Value Discrepancy	N/A	Discrepancy in Salary / Credit Amount: 'DOC-47DAF8F5_tampered_bank_statemen
EVIDENCE_6	DOC-7EB1F1F2_tampered_salary_slip.pdf (p.1)	Cross-Document Value Discrepancy	N/A	Discrepancy in Salary / Credit Amount: 'DOC-47DAF8F5_tampered_bank_statemen

6. Investigator Review & Final Human Sign-off

STATUS: OFFICIALLY ADJUDICATED & SIGNED — Formal human forensic review completed and recorded in the audit log.

Investigator Name:	**Mano Ranjan**	**Review Date:**	**2026-11-09 14:34 UTC**
Final Disposition:	**[X] Verified Authentic** [ ] Confirmed Tampered [ ] Inconclusive	**Signature:**	**/s/ Mano Ranjan** Digital Cryptographic Audit Sign-off
Investigator Notes:	**No additional notes recorded. Adjudication confirmed based on pipeline findings.**
